hand-coded HIJAX

```
window.addEventListener("load", initLiveResults, false);

function initLiveResults() {
  if (!document.getElementById) return false;
  if (!document.getElementById("results")) return false;
  scheduleResultsFetch();
}

function scheduleResultsFetch() {
  setTimeout("fetchResults()", 100);
}

var resultsRequest;

function fetchResults() {
  resultsRequest = getHTTPObject();
  if (!resultsRequest) return false;
  resultsRequest.open("GET", "/results-table", true);
  resultsRequest.onreadystatechange = handleFetchResultResponse;
  resultsRequest.send(null);
}

function handleFetchResultResponse() {
  if (resultsRequest.readyState != 4 || resultsRequest.status != 200) return false;
  document.getElementById("results").innerHTML = resultsRequest.responseText;
  scheduleResultsFetch();
